SOVIET MERCHANT SHIPS

IN THE BALTIC.

The enclosed list of Soviet Merchant Ships in the Baltic is divided into various parts dependent on the period of observation. In the individual parts the ships are listed alphabetically.

Besides normal information about the ships the list gives the military carrying capacity of the individual ships.

50X1-HUM

The list begins with a diagram which gives a summary of the individual parts compared with corresponding parts from last month. At the bottom of the diagram will be seen the total amount of Soviet merchant ships in the Baltic including their military carrying capacity.
